

...In Memoriam

Carolyn Hellen, the founder of BAGS passed away on November 7, 2021, at her home in Alabama. Carolyn had a passion for genealogical research, and in 2001 she founded and was the first president of the Bay Area Genealogy Society. We had hoped to record her recollections about BAGS for our holiday party and are saddened that Carolyn will not be able to see or participate in this 20th anniversary celebration.
